### BAYONNE

The reports published concerning the rear-end collision of freight trains on the Central Railroad of New-Jersey at Lockport, Penn., early Sunday morning, erroneously said that Thomas H. Lukens the conductor of the telescoped train, had been burned to death because he was unable to escap from his caboose when it was fired by blazing oil from the exploded tank of an oil car. While Lukens escaped being cremated in the caboose, he was terribly burned in making his escape from it. He rolled down the steep embankment where the collision occurred, and was unconsclous when found by other members of his train's crew. When he recovered consciousness his severe burns had been dressed by Lockport physicians. He was put aboard an eastbound train and removed to his home, at No. 24 West Eleventh-st., Bayonne, where he now lies in a precarious condition. The attending physician says that he has a good chance of recovery. Lukens has a large family of small children.

The thirtieth anniversary of the pastorate of the Rev. Dr. John A. Liggett, pastor of the Second Presbyterian Church, Rahway, furnished the popular minister. The completion of the doctor's thirty years of active service as pastor of the Second Presbyterian Church was not generally known until the usual church notices, published weekly appeared; hence no concerted action on the part of the other churches was possible. Yet three of the churches-the First Presbyterian, First Bap tist and Second Methodist-abandoned their even gations gathered with those of the Second Presby the high regard and affection in which he is held by the demonstration, and gave expression to his appreciation of the fraternal feeling shown in an address full of love and charity. Warm and earnest tributes and hearty congratulations were extended to the doctor by his brother-pastors, the Rev. George H. Payson, of the First Presbyterian; the Rev. H. M. Lowry, of the First Baptist, and the Rev. T. C. Mayham, of the Second Methodist churches. At the close of the zervices the congregation pressed forward to the pulpit, and congratulations and many expressions of good will were showered upon the honored pastor. Since Dr. Liggett assumed charge of the Second Presbyterian Church it has grown from a membership of 130 to over 500. A new church edifice has been erected and two flourishing missions established in other parts of the city. The doctor is held in the highest esteem by the entire community.

### RAILROAD INTERESTS.

## TO BUILD A SECOND PULLMAN.

Baltimore, Dec. 3.-The Baltimore and Ohio Railroad Company intends to make a great transfer line, near Harper's Ferry. The company has invested largely in property there, and is erecting a number of buildings. Large shops will be put up and freight will be transferred there for all points east and west. It is said to be the intention of the railroad company to build a second Pullman, but to conduct it upon more liberal lines than the Illinois town of that name. Some 1,500 men are now employed by the Baltimore and Ohio at the Locus Point transfer station, and they will mostly be transferred to Brunswick when the Belt Line Tun-net through Baltimore is completed next March. Locust Point will not be entirely abandoned, but most of the transfer business will be done at Bruns-

### A COMPLETE WRECK.

A STORY OF PECULIAR INTEREST TO WOMEN

We have heard so much talk throughout the county of late concerning Mrs. Martha Gates, of Maine, Broome County, N. Y., that yesterday a reporter of the Binghamton Republican in-

terviewed her for publication, and her story, which will interest all women, is as follows:
"I was born in Hartford, Cortland County, N. Y., forty-two years ago. I have been married twenty-one years and am the mother of circle wilden." ried twenty-one years and an inception of the continued suffered agonizing pain. The trouble continued to grow worse, until last winter I was compelled to take to my bed. I called in a regupelled to take to my bed. I called in a regu-lar physician, but his treatment did not seem to do me much good, and only relieved me for a little time, after which my condition became worse than before. I was confined to my bed for three months, and was absolutely unable to attend to my household duties. I could hardly feed myself, so weak had I become. I had to be waited upon day and night, and was a physical wreck. There was very grave doubts about my ultimate recovery. The best hope the a bout my ultimate recovery. The best hope the doctor could hold out to me was that I might be able to get around again and attend to my household duties after remaining in bed a few months longer. But instead of getting betfew months longer. But Instead of getting better, I grew steadily worse. One day I happened to read in the paper about Dr. Williams' Pink Pills for Pale People, and decided to give them a trial. Immediately after taking them and before I had used half a box I saw a marked change for the better in my condition. All this change for the better in my condition. All this time, however, I was confined to my bed. I continued taking the medicine until I had used four boxes, and by that time I was able to be about and around again. The improvement has been steady ever since. I am still a little weak, but am growing strong as fast as nature, alded by Dr. Williams' Pink Pills, will let me. I have great faith in these pills, and shall use them hereafter. My husband, who felt real miserable all the spring took them and they made a new all the spring, took them, and they made a new man of him. I have also used them for my daughter, aged nineteen years, who has found all the spring, took them, and they made a new man of him. I have also used them for my daughter, aged nineteen years, who has found them very beneficial for troubles incidental to her sex. So far as I am myself concerned, I consider it a wonderful cure."
